

Child's care... It's good for business.

Portland General Electric congratulates Fujitsu in Gresham for winning one of this year's Families In Good Company awards. Fujitsu, a leader in the semiconductor industry, knows that family friendly policies are good for business.

For ideas on balancing business and family, call Families In Good Company 294-1456.

Employees of Fujitsu Microelectronics, Gresham Manufacturing Division get help with the cost of quality child care. The company offers a 30% subsidy to all employees.

presented by **Portland General Electric**

Coordinated by the Tri-County Commissions for Children and Families, and Children First for Oregon.
