Children's Action
Network - Au...

In my opinion this was a dismal session for children in Oregon. I'm pleased that you were able to get some mopedst progress on the two issues you identified in your note.

But we had a Democratic Governor and D control of the Senate and what good was that.

K-12 education funding was horrible. A further decline in the level of funding in real terms. No discussion of tax reform or redressing the balance between personal and corporate taxes; let alone action.

I am deeply disappointed and frustrated with the legislative process and the performance of this session.

I urge you to take a long hard look at all candidates in the coming elections and check the real record and not just the rhetoric.
